The Franklin County Regional Planning Commission – February 26, 2019.

The Franklin County Regional Planning Commission met in a regular session on February 26, 2019 at 6:00 PM in the Franklin County Courthouse.

The members present were Chairman Dave Van Buskirk, Vice Secretary David James, John Woodall, Steve Dixon, Michael Rudder, Greg Houston and Lydia Curtis Johnson. Also present was Planning and Zoning Director/Building Commissioner Janet Petrunich. A Visitors' List is attached.

The minutes for the January 29, 2019 meeting were approved as written on a motion by John Woodall, seconded by David James. All aye.

Dave Van Buskirk introduced Case No. 01-19; Rezoning; Applicant: Jerry Sons. Location – 2nd Civil District; Parcel 30.00 (Part), Franklin County, TN Property Map No. 64, located on Lynchburg Road. Janet Petrunich read the Staff Report, and offered a correction under the Analysis section to add the words “a portion” so as to read “rezoning of a portion of the subject parcel”. Petrunich read the returned Adjoining Property Notices. Petrunich offered that the applicant was originally requesting a C, Commercial rezoning and after conversation with the applicant in regards to the differences in what is allowed in the Uses Permitted and Uses Permitted on Appeal in the C, Commercial and C-1, Restricted Commercial zonings, the applicant decided, in consideration of the surrounding community, it would be better to request the more restrictive zoning district C-1, Restricted Commercial. Michael Rudder questioned as to the commercial activities in the area. Van Buskirk offered that there was a Dollar General store and a gas station/convenience store within three tenths of a mile, of the subject parcel. Steve Dixon made a motion to recommend for the rezoning from R-2, General Residential to C-1, Restricted Commercial for a portion of the subject parcel. David James seconded the motion. All aye.

Under Old Business, Janet Petrunich offered a copy of an Irrevocable Letter of Credit she received from John Woodall, (a surety was accepted in 2005 by the Planning Commission in lieu of the completion of the roads for the conditional approval of the Final Plat for Phase I of the Fanning Bend Subdivision), as requested by A.L. Shasteen at the January 29, 2019 meeting. Petrunich offered and read aloud a letter of which the Planning Commission requested she draft, addressed to Lee Carter of Carter Group LLC., in regards to future development and the completion and adoption of existing roads in the Fanning Bend Subdivision. Greg Houston made a motion to approve the letter as written. David James seconded the motion. All aye.

The meeting adjourned at 6:20PM by Chairman Dave Van Buskirk.

MEMO TO: Local Government Plan Agency Directors and Fiscal Officers

FROM: Laurie Lee *LL*

RE: OPEB: Local Government Agency--Retiree Coverage Election Form

As you know from my prior emails, new rules adopted by the Governmental Accounting Standards Board (GASB – and similarly FASB) require public agencies to *report certain Other Postemployment Benefits (OPEB) liabilities on their balance sheets if they have retirees in the State Insurance Plan and/or if active employees are eligible to continue coverage as retirees.*

Many participating local government agencies have indicated that they do not want to incur this OPEB liability, as they do not have retirees on the Plan and do not want to make retiree coverage available to their members in the future. On the other hand, many agencies want to offer the retiree health option in order to recruit and retain employees. Therefore, at its January 17, 2019 meeting, the Local Government Insurance Committee approved final Plan Document language to permit current and new agencies to either opt in or opt out of the Plan's pre-65 retiree health for their eligible members as outlined below.

The Plan Document changes now permit agencies to either:

1. opt in to retiree coverage, or
2. opt out of retiree coverage, or
3. opt out relative to active employees only, while continuing to offer retiree coverage to those retirees on the Plan as of the effective date of the opt out.

Going forward, **each agency must select one of the three retiree health options above and inform Benefits Administration of its decision as outlined in the attached Local Government Agency Retiree Coverage Election Form no later than March 31, 2019.**

- If opting in now, your agency can opt out at a later date.
- Once opted out, however, your agency cannot opt back in for retiree health insurance later.

Page 2 - OPEB: Local Government Agency--Retiree Coverage Election Form

If your agency does not notify Benefits Administration of your decision on the attached form by March 31, 2019, your eligible employees can continue to enroll in the State's pre-65 retiree health insurance program until the selection time next year. Please note that if your agency selects option 1 (or does not notify Benefits Administration of your selection), your agency will have an OPEB liability associated with your existing retirees in the Plan and for your active employees eligible for future retiree coverage. If your agency selects option 3, your agency will have an OPEB obligation associated with those existing retirees who continue in the Plan.

Please carefully review the attached information and the key points below:

- **An agency which has not submitted the Election Form by March 31, 2019, will be treated as having chosen option number one (1), which is the election to “opt in” to continue to offer retiree health insurance to all eligible active employees and current retirees.**
- Your agency is responsible for securing any necessary board, commission, governing body or other authorization, if needed, prior to submitting the Election Form. Your agency is also responsible for communicating all decisions regarding retiree coverage to your employees and retirees.
- The Election Form must identify the local government agency, be signed by the local government agency head and fiscal officer and clearly designate an election of one of the three available options.
- An opt-in election will be effective for the OPEB liability determination for the entire upcoming state fiscal year ending June 30 and an agency will not be permitted to change its retiree coverage status until the selection time for the next fiscal year.
- The completed and signed form should be returned by email to Benefits.Administration@tn.gov by March 31, 2019.

Attachment: **Local Government Agency--Retiree Coverage Election Form**

Division of Benefits Administration
Local Government Agency--Retiree Coverage Election Form

On January 17, 2019, the Local Government Insurance Committee adopted final amendments to the Plan Document that allow each local government agency to decide whether or not to offer the State Insurance Plan's pre-65 retiree health coverage to its members. Each agency has the choice to either (1) "opt in" and continue to offer retiree coverage to its active employees and retirees; (2) "opt out" and no longer offer retiree coverage to its active employees or its current retirees; or (3) "opt out" on a limited basis and no longer offer retiree coverage to its active employees, but continue to offer retiree coverage to retirees having health insurance coverage on the Plan beginning on or before June 1 of the year in which the agency signs this Election Form. This form must be filled out and returned by each agency to record its choice of one of these three options.

- An agency election to opt out of offering retiree health coverage will also prohibit the agency from offering retiree vision coverage, if applicable, because a retired person may not be enrolled in retiree vision coverage unless they are also enrolled in retiree health coverage.
- The agency is responsible for securing any necessary board, commission or governing body authorization, if needed, prior to submitting the Election Form.
- The agency is also responsible for communicating all decisions regarding retiree coverage to its employees and retirees.

Terms and Conditions

1. Page Two of this form must be returned to the Division of Benefits Administration on or before March 31, 2019. The form must identify the local government agency, be signed by the local government agency head and fiscal officer, and clearly designate an election of one of the three available options. **An agency which has not submitted a form by the required date will be treated as having chosen option number one (1), which is the election to "opt in" to continue to offer retiree health insurance to all eligible active employees and current retirees.** The opt-in election will be effective June 30 of the year in which the election form is signed. Such election is binding for the Other Postemployment Benefits (OPEB) liability determination for the entire upcoming state fiscal year ending June 30, and will continue to be effective until such election is changed in writing at the time designated for submitting such notice. The agency will not be permitted to change its retiree coverage status until the selection period for the following fiscal year.

2. An agency's choice to opt out and no longer offer retiree coverage to its active employees or to its active employees and retirees is irrevocable. An agency which has elected either option number two (2) or three (3) above will not be permitted to offer retiree health coverage (or retiree vision coverage) after June 30 of the year in which the agency signs the Election Form, except to retirees having insurance coverage on the retiree plan effective on or before June 1 of that year if option three (3) is selected.

3. Neither the Local Government Insurance Committee nor the Division of Benefits Administration is responsible for the determination of an agency's total OPEB liability as prescribed by the statements of the Government Accounting Standards Board (GASB) or Financial Accounting Standards Board (FASB). Benefits Administration valuations of OPEB liability are limited to plans administered by Benefits Administration. Agencies are responsible for the valuation of OPEB benefits not offered by Benefits Administration. Each agency's management is strongly urged to consult with its independent auditors to ensure the proper and complete reporting of its OPEB liability.

4. Individual agencies may have a binding legal obligation, through local ordinance, resolution, contract or other arrangement, to offer retiree health insurance coverage to some or all of its retirees. Each agency must determine whether or not such obligation exists and neither the Insurance Committee nor Benefits Administration will provide advice regarding whether such obligation exists. This is a legal issue and each agency is strongly urged to consult with its legal counsel. If an agency elects option two (2) or three (3), it will bear all risks of a legal challenge to this decision, including any damages that may be awarded. An agency that opts out will not be allowed to return to retiree health or vision coverage under the Local Government Plan even if it is determined that it has a legal obligation to continue to offer retiree coverage.

ELECTION

Local Government Agency _____ hereby makes the following election concerning health insurance coverage for retirees under the Local Government Insurance Plan:

OPT IN (1) This agency elects to continue to offer pre-65 retiree health insurance coverage under the Local Government Insurance Plan to all eligible active employees and retirees. We understand that this decision is effective as of June 30 of the year in which this election form is signed, that it is binding for the OPEB liability determination for the upcoming fiscal year ending June 30, and that we will be given another opportunity to choose whether or not to continue to offer retiree coverage for the following fiscal year. We understand that our election to opt in will continue to be effective until such election is changed in writing at the time designated for submitting such notice. We further understand that the agency is responsible for communicating all decisions regarding retiree coverage to its employees and retirees.

OPT OUT (2) This agency elects to no longer offer pre-65 retiree health insurance coverage and retiree vision insurance (if applicable) under the Local Government Insurance Plan to our active employees or to our retirees. We understand that this means that no current employees or retirees will be eligible for retiree health or vision coverage as of June 30 of the year in which this election form is signed. We understand and acknowledge that we have been advised to consult legal counsel concerning this decision. We acknowledge that this election to opt out is permanent, and that this agency is not permitted to offer retiree health or vision coverage under the state insurance plan after June 30 of the year of the agency's election to opt out. We further understand that the agency is responsible for communicating all decisions regarding retiree coverage to its employees and retirees.

LIMITED OPT OUT WITH CONTINUED COVERAGE FOR CURRENT RETIREES (3) This agency elects to opt out of offering pre-65 retiree health insurance coverage and retiree vision insurance (if applicable) under the Local Government Insurance Plan to our active employees, but to continue to offer retiree health coverage and retiree vision coverage (if applicable) to all current retirees.

We understand that this means that no active employees will be eligible for retiree health or vision coverage (if applicable) as of June 30 of the year in which this election form is signed, but that all retirees having insurance coverage on the retiree plan effective on or before June 1 of that year will remain eligible to continue retiree coverage subject to Plan rules. We understand that coverage starts on the first day of the month and that June 1 of the year in which this election form is signed is the last effective date which will qualify a retiree as a current retiree eligible to continue coverage prior to the June 30 opt out date.

We understand and acknowledge that we have been advised to consult legal counsel concerning this decision. We acknowledge that this agency is not permitted to offer retiree health or vision coverage under the State Insurance Plan to active employees after June 30 of the year of the agency's election to opt out. However, an agency may elect to opt out of continuing coverage for current retirees by timely submitting an election for option two (2) in a subsequent plan year. We further understand that the agency is responsible for communicating all decisions regarding retiree coverage to its employees and retirees.

Formally Adopted July 20, 2011

Revised December 5, 2011, December 3, 2012, Proposed April 15, 2013

Goal/Mission: To provide management with appropriate guidelines and direction to assist in making sound debt management decisions. To further demonstrate strong financial management practices for our county citizens, outside investors, and credit agencies.

Objectives:

1. Enhance decision process transparency and identify all expenditures of principal, interest, and annual costs along with issue specific transaction costs
2. Address hiring outside professionals
3. Address any potential conflict of interest issues
4. Additional requirements for new debt

1. Enhance transparency of decisions by way of Annual Debt Report, Annual Budgets, and Specific New Issue Report

Responsibilities for analysis and reporting shall be with the Finance Director & County Mayor.

To insure transparency of decisions, an annual debt payment reports and annual debt service budgets, as well as specific issuance debt reports (i.e. those required by state law) shall be prepared and available for public review and comment. County officials will comply with State of Tennessee Open Record laws and respond to record requests from any citizen of Tennessee promptly.

Annual Debt Report

An annual debt payment report shall be submitted to the county legislative body each year. The report will be presented with the annual debt budget.

The annual report shall consist of but not be limited to:

- Budget summary and detailed budget as required by the Comptroller's office.
- Net Debt Calculation (Total Principal outstanding less most recent year respective debt fund balance).
- Calculation of Net Debt per capita from last official census (net debt/population).
- Documentation of the most recent debt rating.
- Reports will reflect estimated fund balance

Annual Debt Budgets

Annual Debt Budgets shall be adopted by the county legislative body and comply with legal notice and filings requirements per the Franklin County, Tennessee and State Open Records Law.

New Debt Issuance

Unless specifically disallowed by this policy, the County authorizes the use of all types of debt permitted by applicable Tennessee state statutes so long as such debt is issued in full compliance with applicable Tennessee state statutes and regulations implemented by the State Funding Board and so long as such debt is specifically authorized by resolution duly adopted by the County Commission. Types of debt authorized include, but are not necessarily limited to:

- a. General obligation bonds, notes and loan agreements
- b. Revenue bonds, notes and loan agreements
- c. Revenue and tax bonds, notes and loan agreements
- d. Interfund loans
- e. Leases

The County authorizes the issuance of debt by both competitive sale and by negotiated sale as permitted by and in full compliance with applicable Tennessee state statutes.

The County authorizes the use of debt to finance capital projects, to refinance existing debt, or address temporary cash flow deficiencies (tax anticipation notes, revenue anticipation notes and interfund loans) all as permitted by and in full compliance with applicable Tennessee state statutes.

Any new debt issuance shall comply with State Form CT-0253 as well as any other state required forms that detail all associated costs for the issuance of the ~~proposed~~ debt. Also, any new debt issuance shall comply with Federal Form 8038 as well as any other federally required forms that detail all associated costs for the issuance of the debt. These records will be available for public and county commission inspection ~~prior to the commission approval of the debt issuance~~, as prescribed by applicable Tennessee state statutes and regulations implemented by the State Funding Board.

2. Hiring of Professionals for Debt Issuance

- From time to time the county may hire legal counsel, a financial advisor or underwriter to assist in issuance of debt.
- Financial Advisor: The County shall enter into a written agreement with each person or firm serving as financial advisor for debt management and transactions. Whether in a negotiated or competitive sale, the financial advisor shall **not** be permitted to bid on, privately place or underwrite an issue for which they are providing advisory services for the issuance. The county will utilize the most current definition of “financial advisor”, as determined by the U.S. Securities and Exchange Commission and the Municipal Securities Rulemaking Board, when determining what exactly defines a financial advisor.
- Underwriter: If there is an underwriter, the county shall consider the engagement of an underwriter for a negotiated sale, the County will take the following criteria into account:
 - a. Reputation
 - b. Experience
 - c. Professional qualifications and licenses
 - d. Capital adequacy and financial wherewithal indicating an ability to fulfill financial commitments to the County
 - e. Financing plans, ideas and analysis
 - f. Cost including underwriter’s compensation and all other cost associated with a financing transaction

As well the underwriter shall clearly identify itself in writing (e.g. in a response to a request for proposal or in promotional materials provided to the issuer) as an underwriter and not as a financial advisor from the earliest stages of its relationship with the county with respect to that issue. The underwriter must clarify its primary role as a purchaser of securities in an arm's-length commercial transaction and that it has financial and other interests that differ from those of the county's. The underwriter in a publically offered, negotiated sale shall be required to provide pricing information both as to interest rates and to takedown per maturity to the governing body in advance of the pricing of the debt.

- All professionals involved with the cost of issuance of debt shall disclose the estimated cost of their respective services including "soft" costs or compensations in lieu of direct payments to the county commission prior to the issuance of the debt.

3. Conflict of Interest Issues

- It is required that all professionals related to the debt issue will enter into a written engagement letter related to their proposed services, cost, and any potential conflict of interest. These letters will be signed by the county mayor and are open records.
- Professionals involved in a debt transaction hired or compensated by the county shall be required to disclose to the county existing client and business relationships between and among the professionals to a transaction (including but not limited to financial advisor, swap advisor, bond counsel, swap counsel, trustee, paying agent, underwriter, counterparty, and remarketing agent), as well as conduit issuers, sponsoring organizations and program administrators. This disclosure shall include that information reasonably sufficient to allow the county to appreciate the significance of the relationships. No engagement letter is required for any lawyer who is an employee of the county or lawyer or law firm which is under a general appointment or contract to serve as counsel to the county. The county does not need an engagement letter with counsel not representing the county, such as underwriters' counsel.

- Professionals who become involved in the debt transaction as a result of a bid submitted in a widely and publicly advertised competitive sale conducted using an industry standard, electronic bidding platform are not subject to this disclosure. No disclosure is required that would violate any rule or regulation of professional conduct.

5. Additional Requirements for New Debt

- All leases will be reviewed by the county attorney prior to execution of the lease, in order to determine if the instrument is a capital or operating lease. No county official that is not authorized by State statute should execute a capital lease on behalf of the county. Since capital leases are typically the least used and most expensive means of financing, the county commission should fully understand the cost of the asset and borrow cost imputed, as well as, whether they intend to use the asset through the end of its useful life.
- In accordance with State statute, no repayment schedule of debt will extend past the useful life of the asset that the funds are being issued for. The most current, adopted county's capital asset policy will be referenced for asset useful lives.
- If borrowing using capital outlay notes, the county should solicit a minimum of three rate and issuance cost quotes and select the lowest and best offer. The county will include local banks in their solicitation when available.
- Repayment schedules should use the straight-line method of repayment (debt retirement similar to a conventional home loan).
- When considering bonded debt, the county will compare the proposed repayment schedule with the straight-line method noted and will determine whether the new debt has an advanced repayment schedule, straight-line or back loaded schedule.

- The county commission may utilize variable rate debt in the county's overall debt management plan, if at the present time variable rate debt is presented it is the most advantageous for Franklin County, Tennessee. The county will maintain a reasonable fund balance in the debt service funds to safeguard against interest rate and liquidity risks.
- In the case of refinancing, an analysis report shall be provided which fully explains the reasons for the refinancing and the net savings and costs of the refinancing which will include not only interest charges but also the fees associated with the transaction.
- As approved in the annual Continuing Budget Resolution and the annual Appropriation Resolution, Tax Anticipation Notes (TAN) shall be allowed for, following all prescribed guidelines and regulations of the Tennessee Code Annotated 9-21-801. It shall be the policy of Franklin County to utilize existing county funds for a TAN if possible in order to reduce interest cost.

RESOLUTION OPPOSING EDUCATION VOUCHER LEGISLATION

WHEREAS, the Franklin County Board of Education is responsible for managing all public schools established or that may be established under its jurisdiction;

WHEREAS, there is pending legislation before the Tennessee General Assembly that would create a voucher program allowing students to use public education funds to pay for private school tuition (voucher programs also are known as “opportunity scholarships,” “education savings,” “tax credits” or similar terms); and

WHEREAS, proponents have spent millions to convince the public and lawmakers of their efficacy, yet, more than five decades after introduction, vouchers remain controversial, unproven and unpopular; and

WHEREAS, the Constitution of the State of Tennessee requires that the Tennessee General Assembly “provide for the maintenance, support and eligibility standards of a system of free public schools;” and

WHEREAS, the State of Tennessee has established nationally recognized standards and measures for accountability in public education; and

WHEREAS, vouchers eliminate accountability, by channeling taxes to private schools without the same academic or testing requirements, public budgets or reports on student achievement, open meetings and records law adherence, public accountability requirements in major federal laws, including special education laws; and

WHEREAS, vouchers have not been proven effective at improving student achievement or closing the achievement gap; and

WHEREAS, vouchers leave students behind, including those with the greatest needs, because vouchers channel tax dollars into private schools that are not required to accept all students, nor offer the special services they may need; and

WHEREAS, underfunded public schools are less able to attract and retain teachers; and

WHEREAS, vouchers give choices to private entities, rather than to parents and students, since the providers decide whether to accept vouchers, how many and which students to admit, and potentially arbitrary reasons they might dismiss a student; and

WHEREAS, vouchers divert critical funds from public schools to pay private school tuition for a few students, including those who already attend private schools; and

WHEREAS, vouchers are inefficient, compelling taxpayers to support two school systems: one public and one private, the latter of which is not accountable to all taxpayers supporting it;

THEREFORE, BE IT RESOLVED that the Franklin County Board of Education opposes any legislation or other similar effort to create a voucher program in Tennessee that would divert money intended for public education to private entities.

BE IT FURTHER RESOLVED that a copy of this Resolution shall be delivered to the Governor, each member of the Tennessee General Assembly, and Franklin County Commission, as well as the Commissioner of Education for the State of Tennessee.

ADOPTED BY THE ELECTED FRANKLIN COUNTY BOARD OF EDUCATION, meeting in regular session on the 25th of January, 2019, with this Resolution to take immediate effect, the public welfare requiring it.

Signed,

I, Cleijo Walker, Chairman of the Board of Franklin County Schools, do hereby certify that the foregoing is a true and correct copy of this Resolution Opposing Education Voucher Legislation.
